## RECYCLED LEATHER VENEER™

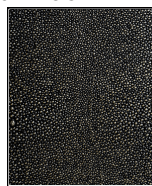

Our Double-Sided Recycled Leather Veneer™ Panels make the perfect finishing touch to cabinet doors, drawer fronts, furniture and more. Leather Veneers are made from layers of pulverized and recycled leather fibers, then coated with resin for durability and preservation. Comparable to laminate surfaces. Sold by the sheet, half sheet, or per square foot. To order, refer to style numbers listed below.

## WHY ORDER CUT-TO-SIZE (CTS) PANELS?

- **Pre-Cut Panels** tailored to your exact dimensions\* for easy on-site installation.
- **Enhanced Safety & Simplified Handling:** Avoid the challenges of intricate panel work, including the sharp edges of handwoven Decorative Grilles and the soaking/stretching required for Rattan.
- **No Scrap Management:** We handle the trimming and waste, so you don't have to.
- **Cost-Efficient:** Only pay for the materials you need, priced by the square foot.

\* Within 1/8" tolerance

Style 332P in Satin Brass

- Custom styles & finishes available upon request.
- Contact us to see what styles & finishes we offer, but do not stock.
- Some Decorative Grille styles available in select finishes only.
- See our website for up-to-date information on finishes, sheet sizes, etc.

## CUT-TO-SIZE MATERIALS

*Designs of distinction*  
Kitchen, Bath & Home

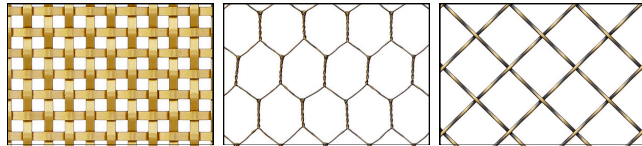

# DECORATIVE GRILLE AND FINE WIRE MESH

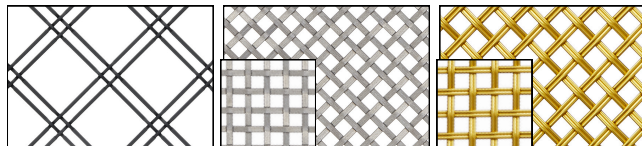

*Antique Brass R332P layered with Satin Brass Mesh*

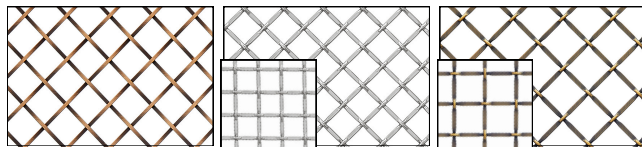

Grille & Mesh can be used on their own or combined for a layered and opaque look. Sold by the sheet, half sheet, or per square foot. To order, refer to style numbers listed below.

#RE25 #1220T #315C

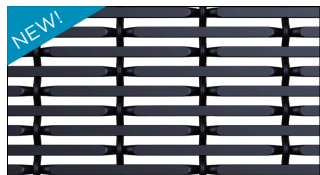

#11614P #286S\* #DK08\*

#CG10 #1214F\* #332P\*

#R332P #R614P #MESH

#226\*\*

#M22\*

\*Can be installed in traditional diamond orientation or rotated to square for a contemporary look. \*\*Grille Style #226 is anodized aluminum, whereas all other grilles are electroplated or powder-coated steel.

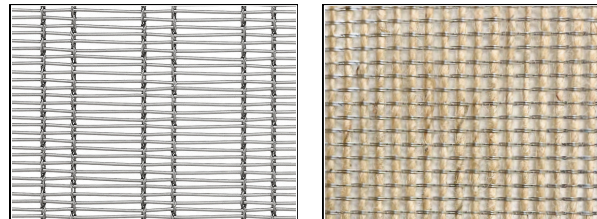

Some Decorative Grille Styles available in select finishes only. See our website for up-to-date information on finishes, sheet sizes, etc.

## ITALIAN MESH

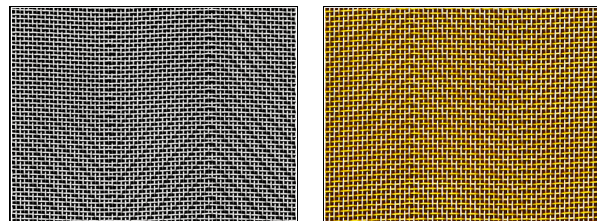

Pictured: Bengal Grille Style #118

Italian Mesh is sold by the sheet, half sheet, or per square foot. Manufactured from Stainless Steel. To order, refer to style numbers listed below.

Bengal #118 Jute #112

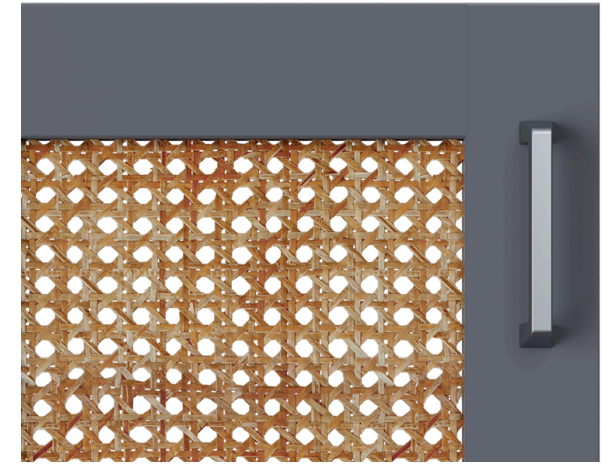

Chevron Stainless Steel #107 Chevron Satin Brass #107

## DECORATIVE GRILLE FINISHES ELECTROPLATED STEEL

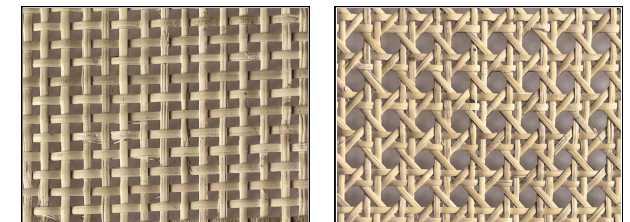

## RATTAN

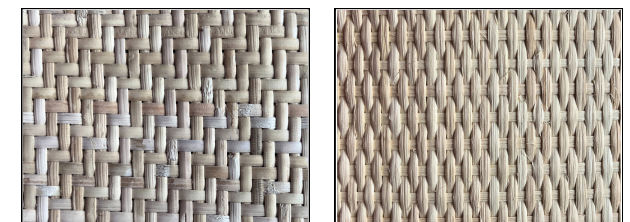

Pictured in Hex Pattern #1202

Woven from cane fibers, Rattan is a durable and environmentally friendly material used for a wide variety of applications. To order, refer to style number listed below.

Radio Weave #1201 Hex Pattern #1202

Herringbone Pattern #1203 Basket Weave #1204

Rattan must be stretched & soaked prior to installation.

Soaking, stretching, and trimming Rattan can be a tedious process. By taking advantage of our Cut-to-Size Program, Rattan panels are ready to install upon delivery without the need to soak and stretch on-site.

Can be painted, stained, or left "natural" by finishing with linseed or mineral oil. Sold by the roll (24" x 48") or per square foot. Square foot pricing is for pre-soaked and stretched panels only. Cut-to-Size Rattan panel dimension restrictions apply.
