

BRASS BISTRO SHELVEING

We offer **Built-to-Order** Bistro Shelving where you decide your connection points*, finish, number of shelves, and more.

BISTRO SHELVEING CUSTOM FINISHES

Unlacquered Brass**	
Antique Brass	
Flat Black	
Antique Copper	
Polished Nickel	
Satin Nickel	

Polished Nickel Finish

*We do not offer ceiling-to-ceiling connection points. **Unlacquered brass (due to its raw nature) will oxidize, causing a "patina" film to form, giving the brass a greenish look. PLEASE NOTE: Premium pricing applies for custom finishes.

Cut-to-Size Decorative Grille: A Success Story

THE ISSUE: In 2018, Klise Manufacturing's sudden closure left companies without a source for decorative wire grilles.

OUR RESPONSE: We responded immediately, launching our first grille product the very same day to fill the market gap.

WHAT WE DID: We introduced a Cut-to-Size Program to simplify ordering and minimize waste.

PROPRIETARY SOLUTIONS: We then developed a proprietary pricing system for fast, square-foot-based custom quotes.

EXPANDING THE COLLECTION: Following success with our square-foot-based pricing system, we expanded our line to 20+ materials, including leather, resin, and rattan.

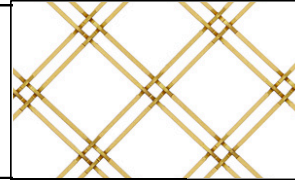

AS OF TODAY: We've built strong partnerships with manufacturers, designers and architects through offering our Cut-to-Size Program tailored to industry needs. Our solution has helped customers reduce material costs, save time, and streamline production.

At Designs of Distinction®, we don't just offer products - **we create innovative solutions that keep businesses moving forward.**

CUSTOM PROGRAMS

Designs of Distinction® and Made-to-Spec® offer several Custom Product Programs, including OEM manufacturing, one-off wood and metal components, completely finished goods, and more.

Custom Mullions, Vented Panels, and Built-to-Order Bistro Shelving highlighted in this brochure.

MARVELOUS MULLIONS

Our Custom Mullion Program offers designers and architects unparalleled versatility for elegant custom designs. Whether you are crafting intricate cabinet doors or architectural accents, these Mullions offer both form and function. Their scalable profiles are perfect for bespoke designs, with the ability to customize each piece to meet specific project needs.

VENTED PANELS

Our Custom Vented Wood Panel Program combines modern functionality with the warmth of natural hardwoods, elevating airflow solutions without sacrificing design. Precision-crafted using CNC and laser-cutting technology, each panel features customizable patterns for optimal ventilation, making them ideal for cabinetry, mudrooms, closets, and architectural wall accents.
