Designs of Distinction® to Introduce New Tambour Sample Binder at IWF Atlanta 2024

(Chicago, IL): Designs of Distinction® [DOD] is excited to announce the expansion of its Sample Kits line with the introduction of the new Tambour Sample Binder. This innovative product will debut at IWF 2024, Booth #C2562, at the Georgia World Congress Center in Atlanta, GA, from August 6-9, 2024.

DOD's new Tambour Sample Binder showcases real American hardwood tambour samples affixed to a rigid tri-fold binder. The binder includes samples of both solid and flexible profiles in various species such as White Oak, Walnut, Cherry, Red Oak, and more. Specifications for all 25 American-made hardwood tambour profiles are presented in a clear, easy-to-read format. A QR code is included on the inside panel that will lead to documentation for installation, safety, and maintenance, as well as in-use images to share with clients.

Designed for convenience, the binder is ideal for showrooms and mobile sales representatives. It measures 10"W x 12"H x 2"D, making it easy to store and transport. Additionally, a clear vinyl sleeve on the back provides space for businesses to include contact information, business cards, and other materials. Scan the QR code or visit <https://bit.ly/SampleBinder> to order your Tambour Sample Binder today!
