Designs of Distinction® to Feature New Contemporary Gallery Rail Styles at KBIS 2025

(Chicago, IL): Designs of Distinction® [DOD] announces the expansion of its Gallery Rail collection with new Contemporary Gallery Rails. These rails will be available in two styles and five finishes, offering both single and double rail options to suit a variety of design needs. DOD will be featuring these new Gallery Rails at KBIS 2025, Booth #N2363.

The Contemporary Gallery Rails will come in lacquered satin brass, lacquered polished brass, lacquered stainless steel, chrome, and flat black finishes. The satin and polished brass components are crafted from high-quality cast brass, ensuring durability and a refined look. The chrome and flat black components are made from aluminum, with the flat black option featuring a powder-coated finish and the chrome being anodized. Due to the use of brass, aluminum, and lacquered stainless steel materials, these components are resistant to chipping, rusting, peeling, and tarnishing.

In addition to the single and double rail options, the new Contemporary Rails includes center and corner collars in matching finishes. These collars can also be installed in contrasting finishes for an ultramodern aesthetic. Matching installation hardware will be included.

The polished brass and satin brass components are designed to perfectly complement DOD's existing line of brass accessories, including bistro shelving, vanity feet, and decorative hardware. Similarly, the flat black, chrome, and stainless steel finishes are designed to match DOD's anodized aluminum components, such as metallic accent trim and decorative grilles.

Gallery Rail components are versatile, suitable for both display and functional* purposes. Line the top of cabinetry, furniture, shelving and more for a curated look, or create functional spice racks and shoe rails with a touch of luxury.

**Gallery Rails are not designed to hold weight or pressure. Functional use should be limited for lightweight purposes only – such as shoes, spice jars, artwork, etc.*
