Designs of Distinction® to Premier Vented Panel Collection at KBIS 2025

(Chicago, IL): Designs of Distinction® (DOD), the premier provider of high-end decorative hardware and wood components, is proud to announce the launch of their new line of vented wood panels, designed exclusively for luxury residential and commercial interiors. These meticulously crafted panels offer architects and interior designers a blend of timeless beauty and modern functionality, redefining the potential of airflow in interior spaces.

Crafted from the finest materials and precision-engineered using state-of-the-art CNC and laser-cutting technology, DOD's vented wood panels are the latest addition to their esteemed collection of architectural solutions. These panels combine the warmth and richness of natural wood with cutting-edge techniques, allowing for seamless integration into upscale interiors while maintaining superior ventilation and air flow.

Innovative Design, Timeless Craftsmanship

Each panel is thoughtfully designed to enhance not only the aesthetic appeal of a space but also its functionality. The customizable patterns allow for optimal ventilation without compromising on design integrity, making them ideal for use in cabinetry, closets, and even architectural wall accents. The result is a product that meets the high standards of today's most discerning designers and architects.

"We understand that luxury is about more than just appearance—it's about creating a cohesive environment where every detail, including airflow and comfort, is considered," said Kathryn Constantine, Vice President of Designs of Distinction®. "Our new line of vented wood panels provides an elegant solution that offers both visual impact and practical benefits, embodying the ultimate in form and function."

Handcrafted in the USA

As with nearly all Designs of Distinction® products, the vented wood panels are proudly made in the USA using sustainably sourced hardwoods. The panels are available in a variety of finishes and can be customized to suit the unique needs of each project, offering limitless possibilities for both residential and commercial applications.

Debuting at KBIS 2025

Designs of Distinction® will officially debut the new vented wood panels at the Kitchen & Bath Industry Show (KBIS) in February 2025, at Booth N2363. Visitors to the show will have the opportunity to experience the brand's latest innovations firsthand, including prototypes of upcoming designs and materials.
