Designs of Distinction® Joins NBMDA

(Chicago, IL): Designs of Distinction [DOD] recently joined NBMDA – the North American Building Material Distribution Association – adding to their associations and memberships within the industry. With this new membership, DOD aims to reach commercial and residential trade professionals with a new Distributor Program launching at NBMDA’s Annual Convention this November.

Per NBMDA’s website, “NBMDA is a trade association representing the leading wholesale distributors of specialty building materials for interiors including wood panels, decorative surfaces, cabinet hardware, finishes/stains and related woodworking production supplies.”

DOD states, “Our product line is perfectly aligned with the needs of today’s ever-changing commercial and residential design industry,” noting that preparations are well underway for NBMDA’s Annual Convention in Colorado Springs from November 14-16, 2023.

With the expansion of DOD’s materials program – including Cut-to-Size Decorative Grilles and Mesh, Metallic Accent Trim, Tambour, and more - they are now able to offer products and materials to not only furniture and cabinet manufacturers, but also commercial and residential builders and remodelers. DOD says, “we find that NBMDA distributors are the ideal partners” for their new materials-focused Distributor Program.

DOD is finalizing the details of their Distributor Program, which will be launching at NBMDA’s Annual Convention. This new Distributor Program will include a variety of complimentary support services such as: sample boxes and displays, in-house sales force training, co-op advertising and product discounts, and more.

About Designs of Distinction®: Designs of Distinction® [DOD] is a premier line of decorative wood and metal elements for kitchen, bath, and home, proudly serving other businesses since 1998. Made in America, of superior quality and first-class materials, DOD’s product line has grown from 100 elements to more than 5000 components, all in stock and available for immediate shipment. If you are looking for a custom or stock wood or metal component, DOD is your one-stop shop. Call today at 800-328-5858.
