Designs of Distinction® KBIS Island Now Featured at Spokane Hardware Supply Showroom

Spokane, WA – Designs of Distinction® is proud to announce the **permanent installation of its showstopping KBIS 2025 island display at the [Spokane Hardware Supply \(SHS\) showroom](#)**. The [island](#), which garnered attention earlier this year at the Kitchen & Bath Industry Show in Las Vegas, is now available for viewing by SHS customers, designers, and builders across the Pacific Northwest.

Side View

To celebrate the installation, Designs of Distinction® and SHS will host an exclusive [Happy Hour and Island Unveiling Event on Thursday, June 5](#) at the Spokane Hardware Supply showroom. The event will offer an opportunity to preview the newly installed island, connect with industry peers, and enjoy cocktails and hors d'oeuvres in a relaxed setting. **The happy hour precedes [SHS's Annual Customer Appreciation Golf Tournament](#)**, further cementing this event as a highlight of the season for design professionals and suppliers alike.

"We're thrilled that our KBIS island found a permanent home in the SHS showroom," said Jenny Rhead, Brand & Marketing Manager at Designs of Distinction®. "It's an ideal way for customers to see the functionality and aesthetic of our components in a real-world setting."

The **KBIS island features Designs of Distinction®'s newest components and material innovations** including: new brass and aluminum trim components, beveled hardwood paneling, posts with matching aluminum sleeves, inlaid metal trim, and a custom laser-cut brass mullion layered with handwoven decorative grille. Its relocation to the SHS showroom offers a unique opportunity for customers to experience these elements up close and gain inspiration for their own projects.

Designs of Distinction® invites local builders, designers, and industry professionals to attend the unveiling and enjoy an evening of networking and design inspiration.
