

Your Guide to Cut-to-Size Materials with Designs of Distinction®

WHY ORDER CUT-TO-SIZE (CTS) PANELS?

- **Pre-Cut Panels** delivered to your exact dimensions for easy on-site installation (within 1/8" tolerance).
- **Enhanced Safety:** Reduces injury from sharp wires and minimizes potential product damage.
- **No Scrap Management:** We handle the trimming and waste, so you don't have to.
- **Simplified Handling:** Avoid the challenges of intricate panel work, including the sharp edges of handwoven Decorative Grilles and the soaking/stretching required for Rattan.
- **Cost-Efficient:** Only pay for the materials you need, priced by the square foot.

TYPES OF CUT-TO-SIZE MATERIALS

Decorative Grilles - PG 2

Fine Wire Mesh - PG 4

Italian Mesh - PG 6

Leather - PG 7

Resin - PG 8

Rattan - PG 9

**CUT-TO-SIZE
PROGRAM**

Your Guide to Decorative Grilles with Designs of Distinction®

Finely woven by hand like a metal textile from steel wires, Decorative Grille offers an elegant alternative to glass in cabinet & furniture design. Choose from 12 styles of USA-made Decorative Grilles in 7 electroplated finishes. Order Decorative Grilles as sheets, half sheets, or Cut-to-Size based on your specifications. Decorative Grilles & Mesh panels are not welded and can be difficult to work with on-site. **With our Cut-to-Size program, panels are ready to install right out of the box.** To order Cut-to-Size panels, [please fill out an order form.](#)

PROGRAM**

Your Guide to **Leather** with Designs of Distinction®

Introducing our Leather Veneer Panels, crafted to deliver the ultimate organic texture. Redefine luxury with eco-conscious design. Panels are constructed from 100% recycled leather remnants, tree bark, and natural latex. A final layer of resin fortifies Leather Veneers against wear and tear. Replace traditional wood veneers with a sustainable alternative. Available in four finishes - Bright White, Espresso, Walnut, and Flat Black. Made in the USA. Sold by the sheet, half sheet, or Cut-to-Size. **With our Cut-to-Size program, panels are ready to install right out of the box.** To order Cut-to-Size panels, [please fill out an order form.](#)

PROGRAM

Your Guide to **Resin** with Designs of Distinction®

Natural and authentic materials, color, and texture are layered in GREENGUARD® certified polyester-based resin, creating a material that's soft to the touch and soft on the eyes. Resin makes an unexpected and unique way to conceal what's inside cabinets, closets, and more. Add a touch of both luxury and character to your designs by using Resins instead of glass in cabinetry and furniture. Made in the USA. Sold as sheets (24"W x 48"H or 48"W x 48"H) or Cut-to-Size based on your specifications.

Your Guide to Rattan with Designs of Distinction®

Open Weave Rattan, handwoven in Vietnam by skilled artisans, is available in 24"W x 48"L rolls or Cut-to-Size (CTS) panels. Our CTS Program ensures the rattan is ready to install on-site without the need for soaking and stretching. With CTS, Rattan is soaked, stretched, and trimmed to your exact specifications, providing a beautiful, airy insert for furniture and cabinet applications.

Rattan maintains its natural characteristics, fading and drying over time if exposed to heat and light. To ensure the integrity of your design, it is recommended to use rattan with a glass or wood backing, as it may stretch under pressure.

Crafted from natural cane fibers without additives or preservatives, our rattan can be painted, stained, or kept natural using mineral or linseed oil. Lightweight, durable, and easy to clean, rattan is perfect for a variety of projects including furniture, lighting, and decorative screening.

To order CTS panels, please fill out an [order form](#) by visiting our website or scanning the QR code.
