Your Guide to **Gallery Rail** with Designs of Distinction®

Attach Gallery Rail components to the tops of cabinets, furniture, shelving, spice racks, and more to create an eye-catching, curated, and luxury look. Typical spacing between posts across the front is approximately 6" - 10" apart. In addition to our Traditional Gallery Rail components, we've recently added new contemporary rails (pictured above) in 4 finishes. New Contemporary Gallery Rails feature a single or double rail, with the option to add center and corner collars.

Cantilever

If you're looking to keep things simple yet stylish, look no further than our Cantilever Bistro Shelving. Unlike framed designs, cantilever offers a less complex means of hanging shelves with easy-to-use arms. It's also ideal for adjustability.

Traditional

For a more conventional and recognizable look in your home bar or kitchen, our Traditional Bistro Shelving is a perfect finishing touch. It uses ball components at its joints to give a more industrial feel.

Flush

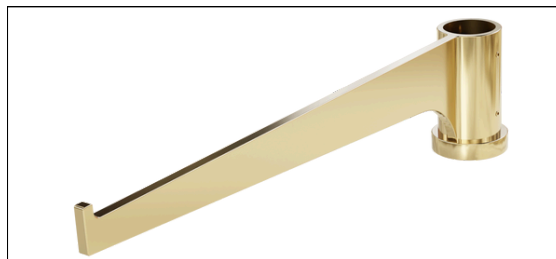

Looking for a more modern look? Our Contemporary Flush Bistro Shelving offers a seamless design and smaller profile. Its sleek appearance fits well in modern kitchens and bathrooms.
